J Henry Applegate Dr Esq 409 Washn St San Francisco Cal

Dear Sir

Your request for an electrotype Copy of the seal of the Society for usage on letter paper rc was carefully considered in a full meeting of our Executive Committee on Friday evg last, The sense of the Comtee while finding expression of the great value of your personal services to the Society as a Corresponding Member and contributions to its archives and general interests, was to the effect that to comply with your wish would be entirely contrary to established precedent and that it would be inexpedient to allow the use of the Society's Seal except in an official manner by one of the Constitutionally authorized officers, The Comtee cannot help feeling, with all due respect to yourself and while appreciating the motives of interest for the Society's welfare which prompt you to make the request, that a compliance might open the door to a precedent of eventual annoyance and possible detriment to the Society; With kind regards and thanks on behalf of the Comtee for your expressions of good-will, I have the honor to be Your obedient servant

Your courtesy of Jan 22nd was duly received and on behalf of the Society I beg leave to express our sense of your kindness in giving us an opportunity to reclaim the Volume you mention, which undoubtedly belong to us as the successor of the late New York Numismatic Society, That Society was amalgamated with us a number of years ago and all their property of every description was transferred to us, During the term of office of a former Librarian a number of books disappeared and we have every reason to believe the book in question is one.

Your favor of 14th to hand, In reply would say this is the first intimation I have had that Mr Mathews paid you anything.

A review of the matter will show you my position, On the 1st inst I called at your office and showed you the correspondence, and drafted a letter to Mr M in which I stated that the Exec Com would have a meeting the latter part of next week at which action would be taken, at the same time I suggested that you send him a bill for ½ yrs dues and if paid by that time I would advise the acceptance of his Resignation, At the meeting the matter was thoroughly discussed and his resignation accepted as per notification to him on the 11th, I waited untill 3 days after the Meeting before sending it as I expected you would advise me if it was paid, You know the reason for immediate action was that our New Cons & By-Laws being in the Printers hands it was necessary to have the name erased if the Resignation was accepted. Dear Sir

The impression which we have always entertained with regard to our occupancy of the room in Mott Mem Hall was that we were merely tenants at will and liable to move upon a 30 day notice from you and entitled to move upon like notice from ourselves to you, whether this is so or not we do not desire that any serious difference should arise between us. The fact however is the condition of the premises is not acceptable to our members, There have been no repairs made since our occupancy and unless considerable outlay is gone to in fixing up it will be impossible for us to remain, If these repairs are made within a reasonable time we will continue our occupancy, If not we will be compelled to surrender them, We prefer that this matter should be settled amicably and trust to hear from you before Friday on which day a meeting has been called to consider the matter

Dear Sir Please examine Roll of Hon Members and see if John H Hickcox's address is Washington DC. If not correct it - Also roll of Corres Mems and see if Finotti is at Central City, Colorado as it should be.

If convenient when Roll of Members is in type I should very much like to have say 20 copies struck off on separate sheets, I often have occasion to furnish lists of Members and will save me time. I will pay for these myself.

Dear Sir Your favor June 29th was only recently rec'd, as it was addressed to 64 Madison Ave instead of my office, I am very much surprised at the position you have taken as I stated in my interview, the meeting I was to attend was a Comtee meeting and that if your proposition was favorable, the Comtee would call a meeting of our Society, as it was a matter for them to determine, As soon as the Society decided I notified you, Had you intimated that you required to know at once I should have so informed the Comtee, As it is your proposition was rec'd, accepted and we shall undoubtedly stand by it. As you have stated "that the bill rend is for 6 mos & is on ac of the years rent" I regret exceedingly to be compelled to return it, It is not the bill which you were to send me in accordance with the terms of our agreement, which were "that we were to be released from our tenancy upon payment of 6 mos rent in full for all demands", I am advised that our proper course is to pay such a bill upon its presentation & insist upon the terms of our agreement being carried out. Very Respectfully Wm Poillon Sec

Dear Sir

The Executive Committee of this Society having recently had their attention called to a statement to the effect that a model bi-metallic Coin or Medal had been prepared for the consideration of the Monetary Commission; and feeling assured that such a Coin would in the future become possessed of much historic interest, we feel impelled to ask your kind offices in procuring for this Society for the use of its members a few specimens of said Coin or Medal and beg to assure you that any such specimens as may be entrusted to this Society will be faithfully preserved and so placed as to be attainable for examination by any and all Numismatists or others interested. At the Annual Meeting of this Society held at these rooms on Tuesday evening March 28th 1882 the following resolution was presented by Vice President Robert Hewitt Jr and adopted unanimously.

Resolved That in the death of Tracy R Edson the Society has lost a distinguished member and an esteemed fellow citizen, one whose prominent position in the foremost engraving corporations of this Country allied to a true appreciation for art and all that tended to its advancement not alone as to numismatic and archaeological subjects but in the useful sciences as shown by the interest taken by him in the many associations in which he was interested, causes his loss to be deeply felt by all who were associated with him.

Resolved That in a spirit of condolence a copy of these resolutions be sent to his immediate relatives as an expression of our sorrow, and that the same be entered on the minutes of the Society.
